WASHINGTON, DC

ORDER NO. 6554

IN THE MATTER OF:

Served February 28, 2002

Investigation of Unauthorized)
and Unsafe Operations of JUNIOR'S)
ENTERPRISES, INC., WMATC No. 401,)
and Order to Show Cause)

Case No. MP-2001-103

This investigation was initiated on October 17, 2001, in Commission Order No. 6387 after one of respondent's vehicles failed an inspection by Commission staff. During the course of the investigation the Commission discovered that Junior's Enterprises, Inc., had forfeited its corporate charter. The Commission consequently issued Order No. 6479 on January 3, 2002, suspending operations under Certificate of Authority No. 401.

Order No. 6479 also directed the trustee(s) in forfeiture of Junior's Enterprises, Inc., to show cause why the Commission should not revoke Certificate No. 401 and assess a civil forfeiture for knowing and willful violations of the Compact associated with the failed vehicle inspection and with the transfer of Certificate No. 401, without Commission approval, that occurred when the corporate charter was forfeited.

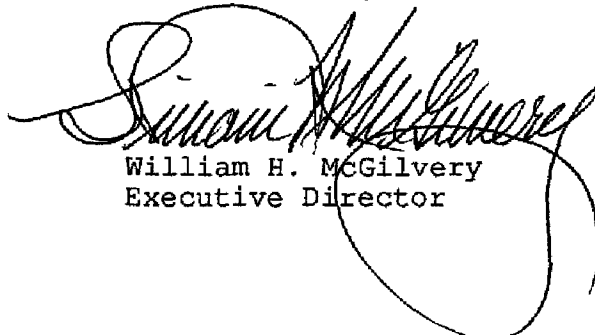

Junior's Enterprises, Inc., subsequently showed cause for not revoking Certificate No. 401 by submitting proof that its corporate charter had been revived but failed to show cause why civil forfeitures should not be assessed for the failed inspection and unapproved transfer of Certificate No. 401.

On February 21, 2002, in Order No. 6549, the Commission assessed civil forfeitures against respondents, Junior's Enterprises, Inc., and officer/owner Horace C. Green, Jr., in the amount of \$1,000. The order declared that upon respondents' payment of the assessment, the Commission would issue an order permitting resumption of operations under Certificate No. 401.

Respondents subsequently tendered a money order on February 25, 2002, payable to the Commission in the amount of one thousand dollars.

THEREFORE, IT IS ORDERED that Junior's Enterprises, Inc., may resume operations under Certificate No. 401.

FOR THE COMMISSION:

Executive Director
